EXPERIENCE

Freelance Audio Engineer — October 2021 – Present
Reno, NV / Touring

- Primary FOH/IEM engineer for national country act Jakota Wass, running live production from load-in through show execution in 1,000–2,000 cap venues
- Delivers FOH and monitor engineering services for regional production companies and touring artists across concerts, festivals, and corporate events
- Manages end-to-end studio workflow including tracking, mixing, mastering, and final delivery for client projects internationally
- Operates as an independent engineer, handling client acquisition, project management, invoicing, and brand development under MixedByJack
- Collaborates with production companies including KD Sound Co, AVSC, AV Leads, and BlueSky Events, supporting live event execution and system integration

Audio Engineer — Starsound Audio, Inc. — April 2025 – Present
Reno, NV

- Operates consoles including Midas HD96, Pro Series, M32, Allen & Heath dLive, Yamaha CL5
- Provides FOH, monitor engineering, and system tech support for national touring acts and large-scale productions at venues including Cargo Concert Hall, Hawkins Amphitheater, and outdoor gigs on Stage Line SL100, SL260, and SL320 mobile stages — on shows up to 5,000 capacity
- Executes rapid festival-style changeovers, managing stage patching, RF coordination, and crew communication under tight changeover times

Lead House Audio Engineer — LoBar Social — May 2024 – September 2025
Reno, NV

- Responsible for all show day production operations for a high-volume club venue, mixing 3–4 shows a week for local and touring acts
- Handled advancing as the primary point of contact for show and venue information
- In charge of stage management, hospitality, and rapid changeovers between acts

SKILLS / CERTIFICATIONS

Consoles: DiGiCo Quantum, Midas HD96, Midas Pro Series, Midas M32, Yamaha CL5, Allen & Heath dLive, Behringer Wing
Certifications: Wireless Workbench 7, Dante Level 1, Dante Level 2, Allen and Heath dLive
Skills: FOH, Monitors, RF Coordination (Shure Wireless Systems), PA Deployment & Tuning, Festival Changeovers, Multitrack Recording, Artist Relations and Communication
